

# ACID Magic®

MULTI-USE FORMULA

**ACID Magic has all the strength of standard muriatic acid but with less harmful effects.**

**No phosphates or phosphorus containing ingredients.**

## CLEAN & CLARIFY

Use exactly as you would standard muriatic acid to clean and clarify pool and spa water. Works like full strength 20° Baume, 31.45%, muriatic acid\*.

## UP TO 90% LESS FUMES

Working with standard muriatic acid can be challenging due to the heavy fumes. ACID Magic's innovative formula keeps most fumes in the solution making it easier to use. The reduction in fumes improves safety, reduces time spent on projects and liability.

## DOESN'T BURN INTACT SKIN

The revolutionary blend of ingredients in ACID Magic eliminates the risk of chemical burns to intact skin. Provides peace of mind knowing that customers, employees and family members will be safer using this muriatic acid alternative.

## EASY TO SHIP & STORE

ACID Magic does not out-gas from the bottle or storage container. It will not rust or corrode items in storage, making it a much more user-friendly option than standard muriatic acid. Quarts and gallons of ACID Magic ship Limited Quantity and do not require hazmat licenses for transport.

## APPLICATIONS

General application instructions given below. For detailed instructions, visit ACID Magic on the web: [www.ACIDMagic.com](http://www.ACIDMagic.com)

### Adjusts Pool and Spa Water Chemistry\*:

For most accurate dosage, use a pH test kit with acid demand test or consult your local pool care professional.

### Acid Washing Pools:

Drain pool and wash with TSP. Dilute ACID Magic 1:2 with water or use up to full strength. Apply ACID Magic and scrub with a natural bristle brush or broom. Allow dwell time of 2 - 4 minutes or until clean. Scrub and rinse after each application. Rinse pool walls and floors again. Neutralize with TSP solution. Scrub and rinse again with water to remove loosened minerals and salts.

### Filter and Chlorine Generation Cell Cleaning:

Dilute ACID Magic 1:4 with water. Place filter or cell into diluted ACID Magic solution. Allow soaking time of 2 - 4 hours. Remove and rinse thoroughly. Repeat if necessary.

### General Cleaning:

Dilute ACID Magic 1:4 with water to clean desired surface. Rinse surface thoroughly. (Check small inconspicuous area before applying to surface, as damage can occur to certain metal plated surfaces.)

### Precautions:

**Active ventilation is required.** Gloves and eyewear protection are required when working with ACID Magic. Always add ACID Magic to water when making solution, never add water to ACID Magic. Use plastic bucket.

### User Assumes All Risk:

ACID Magic is sold with exclusion of all warranty, expressed or implied, statutory or otherwise.

*Available in convenient large drum sizes for commercial use. Save money and reduce waste.*

# POOL & SPA USES

- Adjusts pool and spa water chemistry.\*
- Tested safe in all heated/unheated pools.
- Certified by NSF to NSF/ANSI Standard 50.
- Cleans filters, chlorine generators and meter electrodes.
- Extremely effective acid wash.

\*Maintains bather comfort and water clarity. pH levels above 8.0 may inhibit bather comfort, causing rash and irritation upon skin contact and eye contact, and may cause minerals to fall out of solution, making water cloudy. ACID Magic should not be used to aid or effect any pool disinfectant product or other water modifier.

## ACID Magic has many other uses, too!

- ✓ General Cleaning & Maintenance
- ✓ Drinking Water Treatment
- ✓ Concrete and Masonry
